We continuously seek ways to make a difference, operating responsibly and engaging our guests in meaningful sustainability efforts to ensure a greener world.

As part of IHG®'s Journey to Tomorrow, we are dedicated to shaping the future of responsible travel. Conscious of our pristine location on Phuket's stunning west coast and IHG®'s core purpose of delivering true hospitality to everyone, we strive to protect our surroundings, create a positive impact on local communities, and drive social and environmental sustainability.

Our LEED® Gold-certified resort was designed with green-building principles, incorporating high-performance energy systems, carbon and water management, and dedicated waste reduction strategies. Through our Water Strategy, we optimize water conservation and usage efficiency, while our Energy Strategy ensures high system performance and sustainable operations. Additionally, we provide EV charging stations to encourage eco-friendly transportation.

We take great pride in our License To Clean 001 initiative, which strengthens our commitment to preserving Phuket's natural beauty. Through our PROUD Kamala initiative, we support the local community by keeping Kamala Beach clean year-round, employing residents for beach maintenance.
