ABOUT PHUKET

Welcome to the captivating island of Phuket, where the very name echoes its Malay roots, "Bukit," meaning hill. Previously known as Junk Ceylon on European charts, Phuket's history unfolds with a fascinating tale. The island assumed its current name when the administrative center shifted to the mining town of Phuket at the island's heart. This marked the beginning of the Phuket we know today.

Indulge in the luxury of pristine beaches and secluded islands with inviting turquoise waters. Phuket Old Town, adorned with colonial charm and bustling markets, unveils the island's cultural heritage. Savour the diverse flavours of Phuket, from sizzling street food to exquisite fine dining, reflecting the island's culinary variety. Immerse yourself in lively markets, where multi-cultural influences create a tapestry of tastes.

Yet, it's not just the scenery and flavours that make Phuket special – it's the warm hospitality of its people. Experience genuine smiles and graciousness, creating a welcoming atmosphere for every traveler.

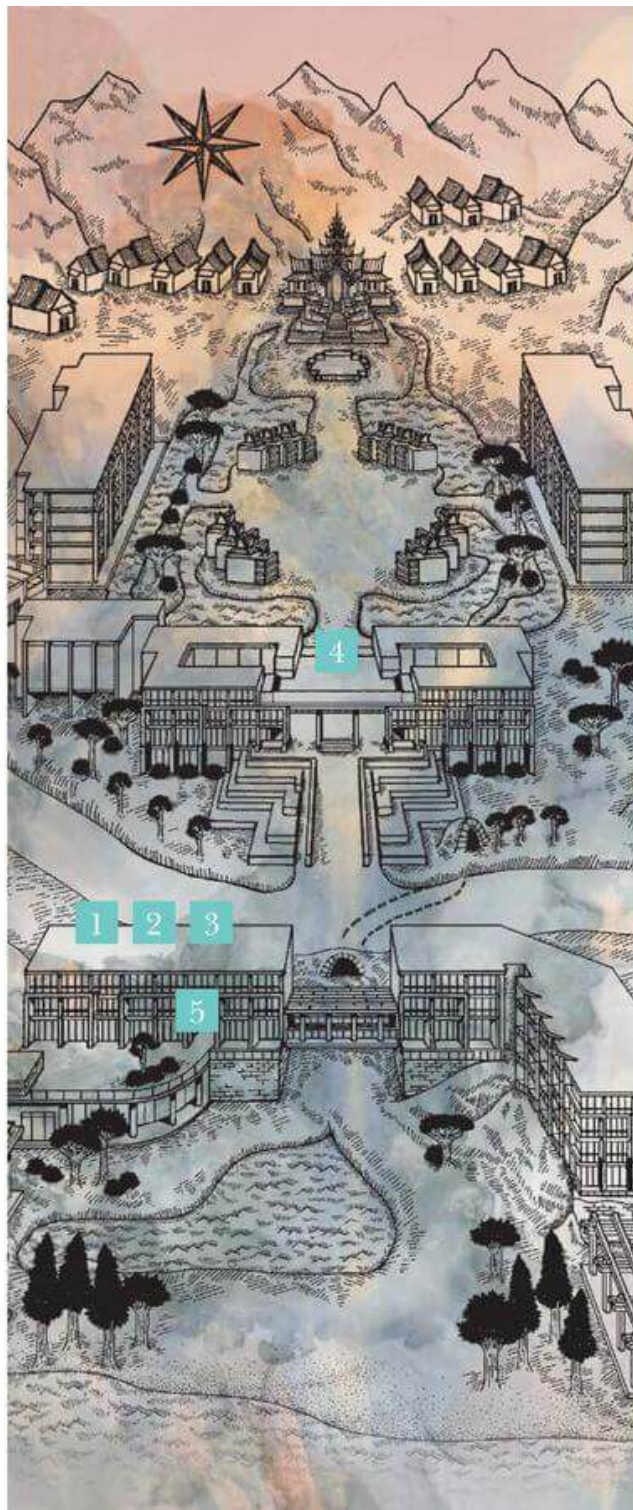

Embark on a journey beyond the ordinary, where each moment unfolds a new discovery in luxury and wonder. Welcome to Phuket – a place where history, culture, and natural beauty come together for an unforgettable experience. Get ready to explore and be captivated by the magic of Phuket on your journey.

DESIGN STORY “TRAIBHU- MIKATHA”

Our design narrative unveils the essence of “Thai-ness” by retelling the ancient Thai epic, ‘Traibhumikatha,’ harmonizing three realms: Underwater World, Human World, and Heaven. The resort, divided into beach and mountain sides, intricately weaves the saga of these worlds. The beach side mirrors the **Underwater World**, where the Naga, the sea serpent, embarks on a journey from the sea, winding through the beachside pool and an underground tunnel to reach Phasutha Building **Human World**, home to the main lobby.

Transitioning through the Human World, guests encounter the Crystal Kingdom, housing the Lagoon Villas, reflecting the sky’s mosaic wall. The path leads to **Heaven** or **Sawan Pavilion**, the zenith of the three realms. The pavilion, surrounded by a lotus pond, embodies the sacred ocean, with the sky’s reflection and mosaic walls echoing the Thai belief of heavenly floating. Immerse yourself in this trinity of worlds at InterContinental Phuket Resort, where your stay.

ART SCULPTURES UNVEILED

A Journey through Tranquil Tales

Embark on a mesmerizing journey as you step into the world of InterContinental Phuket, where your stay transcends into an immersive art experience.

Kuan-Ka-Sian-Samut Collection

Kuan-Ka-Sian-Samut is a collection of important events in Thai Ramayana literature that caused conflicts between angels and giants in the manifestation of immortal water.

1. Unity

A ceremony which uses wood from Mantarakeri mountain to stir the ocean of milk including the moon, the Erawan white elephant, and Parichat Tree

2. Title of Heaven

The blue colours of the sea combined with the design of the “Sati”. The patterns are incorporated from Thai art and the flower “Montharop” or heaven’s flower.

3. Va-Su-Kri – The King of Nagas

“Naga,” the serpent king and largest snake in the world, is also known as “Va-Su-Kri” in Hindu and Buddhist mythology.

4. Aup-Sorn-Sawan – Angel

An angel named Aup-Sorn-Sawan, a positive force born during the Kuan-Ka-Sian-Samut ceremony featured in Unity. Green is the colour of the heavens. The triangular shape represents the mountain and pine trees of the resort while complementing the blue colour of the sea and the skies.

5. Wa-Ru-Nee – Queen of Pleasantness

Wa-Ru-Nee, the Queen of Pleasantness, is one of the fourteen wonderful beings born from the Kuan-Ka-Sian-Samut ceremony.

ICONIC DESIGN HIGHLIGHTS

"HIMMAPHAN MUDCHA" FISH SCULPTURE

Behold the enchanting "Himmaphan Mudcha" fish sculptures gracing the Sawan area. Crafted by the esteemed Professor Prayad Pongdam, a Thai National Artist, these captivating sculptures draw inspiration from the mystical inhabitants of the Himmaphan Forest.

ART PASSAGE

Experience the beauty of Phuket's local arts with every step as you traverse the underground tunnel from the Beachside to the Mountainside. Our resort proudly boasts the unique feature of an underground Art Passage—an immersive learning journey adorned with captivating pictorial storytelling. Explore the rich tapestry of Phuket's history, delve into its vibrant culture, savour the local cuisine, and discover the allure of tourist attractions.

SLITHERING OF MAJESTIC NAKA AT BEACHFRONT POOL

Embark on a visual journey with our beachfront pool design inspired by the majestic Naka, the underwater king. The pool's contours mirror the sinuous movements of the mythical Naka, gliding from the sea through an underground tunnel, ascending towards the mountainside where the earthly lobby and heavenly Sawan converge.

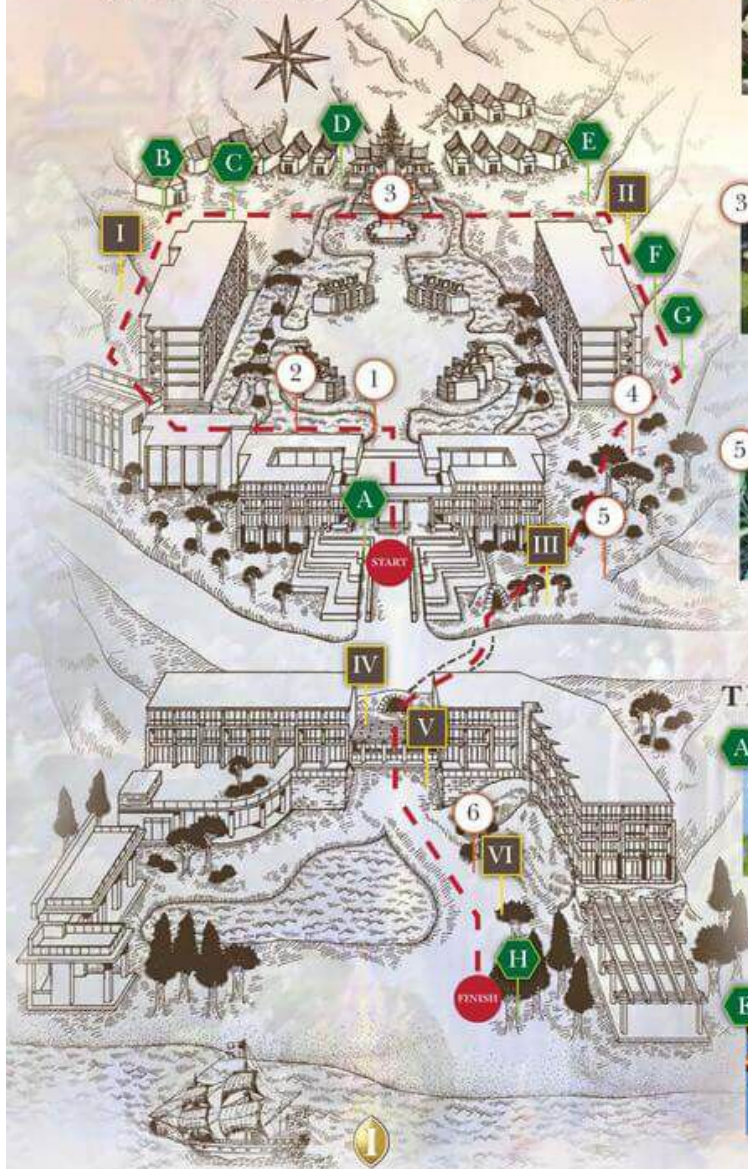

UNDERWATER WORLD CEILING AND WALL AT PINE BEACH BAR

As you kick back and sip your favourite drink at our beachfront oasis, let your imagination take you beneath the waves. Our ceiling and walls have been intricately designed to mimic the gentle flow of water, creating the illusion that you seated beneath the sea.
